

Let us help you find your way to the future, at Chuo!

มาร่วมกับเราที่มหาวิทยาลัยชูโอและเปิดประตูไปสู่อนาคต!

Introduction

Chuo University's sylvan Tama Campus is located in the western suburbs of Tokyo, while Chuo has five other campuses in central Tokyo. Building upon its 140-year history, Chuo has developed into a top, comprehensive university with eight faculties, eight graduate schools, two professional graduate schools, and nine research institutes. In addition, Chuo has partnership agreements with 219 universities and research institutions worldwide. In Thailand, Chuo has seven partner institutions and manages the Chuo-Thammasat Collaboration Center.

Topics

Reorganization of the Faculty of Science and Engineering

Chuo will reorganize its Faculty of Science and Engineering into three new Faculties in April 2026. This reorganization aims to produce graduates capable of addressing diverse and complex problems, demonstrating expertise in their fields, proposing solutions, and implementing them effectively.

Faculty of Fundamental Science and Engineering <ul style="list-style-type: none"> Mathematics Physics Applied Chemistry Biological Sciences <p>Keywords for Learning</p> <p>STEM Education Multifaceted understanding of basic fields</p>	Faculty of Science, Engineering and Society <ul style="list-style-type: none"> Civil and Environmental Engineering Data Science for Business Innovation Integrated Sciences and Engineering for Sustainable Societies <p>Keywords for Learning</p> <p>Theories and Techniques of Science and Engineering Multifaceted thinking that integrates the humanities and sciences</p>	Faculty of Advanced Science and Engineering <ul style="list-style-type: none"> Precision Mechanics Electrical, Electronic, and Communication Engineering Information and System Engineering <p>Keywords for Learning</p> <p>Advanced Scientific Theories and Technologies Practical Application Skills</p>
---	---	---

Two New Faculties Scheduled to be Open in April 2027 at Tama Campus (under development)

They will be located in Tama Campus to take advantage of Tama area's distinctive natural and commercial environment. Our mission is to foster next-generation talent who can cultivate a sustainable and resilient society, and are capable of implementing "knowledge into action" while playing an active role in the Society 5.0 era.

※The plan is under development and subject to change. Faculty names are tentative.

Faculty of Data Science, Sports and Wellness <p>Basic Information</p> <ul style="list-style-type: none"> Faculty name: Faculty of Data Science, Sports and Wellness Department name: Department of Data Science, Sports and Wellness Specialized area: Engineering, Economics Degree: Bachelor of Data Science, Sports and Wellness Location: Tama Campus 	Faculty of Agriculture and Information Technology <p>Basic Information</p> <ul style="list-style-type: none"> Faculty name: Faculty of Agriculture and Information Technology Department name: Department of Agriculture and Information Technology Specialized area: Agriculture, Engineering Degree: Bachelor of Agriculture and Information Technology Location: Tama Campus

Chuo Global-X: Feasible and Multifaceted Approach to Globalization

As globalization accelerates and global challenges become more serious, Chuo has launched Chuo Global-X — our future vision for globalization: a multifaceted approach with a strong focus on feasibility. This vision reflects our mission to develop individuals who contribute to the welfare of humanity.

Thai Office Celebrates 10th Anniversary

In February 2025, a ceremony and symposium were held at Thammasat University to commemorate the 10th anniversary of the Chuo-Thammasat Collaboration Center. The event provided an opportunity for officials from both universities to warm up old friendships and strengthen connections for the development.
